FOR IMMEDIATE RELEASE  
February 17, 2010

### **GDC Named to Top 100 Managed Services Provider List**

Global Data Consultants, LLC (GDC), a leading provider of Information Technology in the Quad-State area of Pennsylvania, Maryland, Virginia, and West Virginia, has landed on Nine Lives Media Inc.'s third-annual MSPmentor 100 for the second consecutive year. MSPmentor is a distinguished research report identifying the world's most progressive MSPs (Managed Service Providers). A managed service provider is an organization that businesses contract to conduct day-to-day information technology processes for improved effectiveness and efficient operations.

"Without a doubt, 2009 was one of the toughest years that businesses have seen in some time. From the small-to-medium businesses to our enterprises clients, GDC personally shared in a lot of the pain and downturn that our clients experienced and together we found ways to keep the relationships strong." stated Nelson Witmer, Vice-President of Network and Infrastructure Services for GDC. "Being named to the Top 100 list again this year is truly a result of being continually focused on the customer relationship, while providing exceptional technical services."

The free MSPmentor 100 report, available at [www.MSPmentor.net](http://www.MSPmentor.net), is based on data from MSPmentor's global online survey, conducted October through December 2009. Nine Lives Media, Inc. announced the 2010 MSPmentor survey February 10, 2010. Over 1,000 Global Managed Services Providers were considered for the MSPmentor 100 (2010-2009 Edition). The MSP rankings are calculated based off an index measurement using such metrics as overall managed services revenue, overall managed services revenue growth, percentage managed services revenue growth, managed services revenue per employee, number of devices managed, and other data points comparing fiscal 2009 to fiscal 2008.

Global Data Consultants, LLC., has been a leading Information Technology service provider since 1995. With experienced and certified consultants, they provide services in the areas of application development; networking and infrastructure; desktop support; 24/7 technical helpdesk; project management; recruiting and staffing; and business process consulting. These services are provided to companies both locally and internationally within the manufacturing, distribution, dealership, finance, healthcare, insurance, and retail vertical markets.
